SANDRA Ameliamum

PIGMY GOLD Ameliamum

900 Flowers to One Plant

These candid camera shots were taken at our **outdoor Chrysanthemum Show**—one of the biggest of its kind ever held in America—during October, 1938. The spectacular display of 'Mums in every color brought crowds from all over Michigan, Indiana, Illinois, and other states.

8,785 VISITORS AT OUR 1938 OUTDOOR *Chrysanthemum Show*

Flower lovers seeking the new and radiant in " 'Mums," especially the long bloomers—came to our outdoor Show and ordered freely when they discovered that we really **"have the 'Mums"**; the dependable old timers, the sensational novelties, from tiny tight colorful boutonnieres to largest flowered hardies, in an amazing variety of tints and colors!

This 1939 catalog is sort of a "miniature" show. It features the very types that have proven most acceptable at our recent Outdoor Shows and also **most dependable on our testing grounds.**

When you browse through this book you are taking a stroll down the printed aisles of "Hill Top" 'Mums. Come to our 1939 Show if you can (mid-October) but in the meantime order freely with the knowledge that flower lovers have put their approval on these varieties and that we **know** (from tests) the reliability of even the smartest new numbers.

Now—join us in a trip through the printed 'Mum Show.

To reach "Hill Top," turn south off from U. S. 12 half way between Lawrence and Hartford. You'll see the signs. Follow them. **Buy your 'Mums where they have the 'Mums!**

Three Rivers, Mich.
Hill Top Orchards and Nurseries
Hartford, Mich.
Dear Sirs:

I received all of my Chrysanthemums in very fine condition. I have between 70 and 80 varieties, so have ordered from a number of places, but I think yours were in the best shape of any I ever received, and they were in our post office over Sunday too.

Yours truly,
MRS. C. P. CULBERTSON

Our Show Collection

5 Popularity Tested Varieties for only **$1.00**

These 5 kinds were among the most popular of all those ordered at our Show. Flower lovers like yourself picked them as their choice so we know you will like them, too. All colors, all types at a real **saving.** None offered in collections before.

CYDONIA. Rich mahogany, double. Page 4.
KING MIDAS. Large double yellow. Page 4.
MULDOON. Amaranth-purple pompon. Page 8.
LOUISE SCHLING. Salmon-red single. Page 8.
SILVER TIPS. Pink, silver tips, double. Page 7.

Sent with wooden labels.

New! HILL TOP Introductions *for* 1939

HONEY GIRL. (No. 57.) Bright cheery yellow with bronze undertone, changing to honey-amber color. Very large flowers with several rows of petals, giving a semi-double appearance to the flower. Plant is sturdy with good foliage and is 30 inches high. Season Oct. 5th.

ROYALTY. (No. 27.) The good sized single flowers are a rich royal-red with the reverse side of the petals of old gold color. The petals are incurved so that the tips show the old gold, making a delightful combination of color. The neat bushy plant is 18 inches high and in full bloom Oct. 1st.

JOAN HELEN. (No. 197.) This brilliant variety is difficult to describe. The color is a violet-red with an old rose undertone. Flowers are single, with three rows of petals, giving a full appearance. The bushy, well shaped plant is 30 inches high and completely covered with blooms by Oct. 12th. This variety was very popular with visitors at our 1938 "'Mum Show."

MARCIA. (No. 117.) Dainty semi-double flowers of yellow-orange in clusters on tall, stiff stems. This very early variety is in full bloom in late September. The plant grows about 22 inches high.

Above four varieties:

Each 60c. Three $1.59. Doz. $5.00.

"HILL TOP" COLLECTION — 1 each of 4 varieties $1.69

Honey Girl

Joan Helen

New Garden Chrysanthemums of Great Merit

ROSE GLOW. Sheer quantity of blossoms and a distinct raspberry-rose color which later shades to an opalescent rose, are highly desirable qualities in this variety. The blossoms are semi-double, two inches across and borne in tremendous quantities on slender, gracefully branching sprays. It will prove different; a worthy addition. In full flower October 15th. Height 18-24 inches.
Each, 75c; three, $1.98; doz., $7.50.

ROBERTA COPELAND. Great quantities of semi-double flowers, just right for cutting. The color is unique—bright tomato-red on opening, later shading to a rose and salmon-gold. There is no color in the early flowering kinds that even approaches this variety. Height 18 inches. In full bloom Sept. 15th.
Each, 75c; three, $1.98; doz., $7.50.

LAVENDER LADY. A lovely true lavender with the lines of a thoroughbred. No trace of mauve, purple or magenta appears under any light conditions. The flowers are full double, three inches or more across, and spaced so perfectly on the branching sprays that their individual beauty is noticeable. In full flower October 8th. Height 2½ ft.
Each, 75c; three, $1.98; doz., $7.50.

PALE MOON. Densely branched trusses of fluffy sulphur-yellow blossoms completely cover the compact growing plant, suggesting the play of moonbeams. The nicely formed flowers are loosely double, over two inches across, of excellent keeping qualities and just as desirable for cutting as for garden display. In full flower October 5th. Height 2 feet.
Each, 75c; three, $1.98; doz., $7.50.

New Hardy KOREAN 'Mums

ARABY. Fully double flowers of amaranth-purple or port-wine-red that stand out from all the others. We truly recommend this "Mum" as one of the outstanding recent introductions. It is exceptional in that the faded blossoms are an even prettier shade than when they first open. **Each, 35c; three, 95c; doz., $3.40.**

CYDONIA. Brilliant double orange-mahogany of medium size. Rare and fetching color. **Each, 30c; three, 80c; doz., $3.00.**

HAPPINESS. Single. Opens rosy apricot and changes to pale pink. Very unique in form and color. Early. **Each, 30c; three, 80c; doz., $3.00.**

KING MIDAS. In late September and throughout October the plants are covered with fully double flowers that average 4 inches in diameter, of a charming shade of soft yellow with faint bronze shading appearing occasionally. 2½ feet high. **Each, 35c; three, 95c; doz., $3.40.**

To insure early blooming and strong, healthy plants the first season all Chrysanthemums are started in pots and shipped with a small ball of earth on the roots. It is not always advisable to ship these pot plants to you as early as some other plants, so do not wonder if your first shipment does not have the Chrysanthemum plants in it. We send these plants at proper planting time for each locality.

Orange Wonder

Pink Lustre

Happiness

MRS. SAM P. ROTAN. A perfectly double flower of brilliant golden yellow shading to deep orange. Compact and free. One of the most striking of our recent achievements. **Each, 35c; three, 95c; doz., $3.40.**

NANCY COPELAND. Large single flowers of spectrum-red with an opalescent sheen. Sturdy plant 2½ feet high. In full bloom in late September. **Each, 30c; three, 80c; doz., $3.00.**

NIOBE. The finest single white ever seen. Very early. Large 2½-inch flowers simply smother a medium sized, well rounded plant in early September. **Each, 25c; three, 65c; doz., $2.50.**

ORANGE WONDER. You'll thrill to the striking display of large, single, bright orange flowers on these tall, stately plants. Three feet high, excellent for cutting and unsurpassed for display. **Each, 30c; three, 80c; doz., $3.00.**

PINK LUSTRE. Large, single flowers 3 to 3½ inches in diameter. Color a delightful shade of orchid, distinct among other pinks. Strong, vigorous, and prolific. 2½ to 3 feet high, and in full bloom in late September. **Each, 30c; three, 80c; doz., $3.00.**

PINCH YOUR 'MUMS

To have neat, bushy plants with many flowers, pinch off the tips of all stems at least twice before the plants are 10 inches high.

Venus Vesta Nancy Copeland Sappho

Niobe

King Midas

RAPTURE. No chrysanthemum of our introduction has received more praise than this colorful variety. The double flowers are a deep orange-bronze with a suffusion of carmine. **Each, 35c; three, 95c; doz., $3.40.**

SAPPHO. Compact, dwarf plants covered with good-sized single, pure yellow flowers. Brilliant. Very early. **Each, 25c; three, 65c; doz., $2.50.**

SEQUOIA. Elegant, good-sized, double blooms of mellow, amber color. **Each, 30c; three, 80c; doz., $3.00.**

THE CHIEF. An extremely attractive semi-double variety of large size. Bright scarlet and gold. **Each, 35c; three, 95c; doz., $3.40.**

VENUS. A new variety and a new color. Best described as lilac-pink with rose-lavender shading. Large, duplex flowers with three or four rows of petals. Long, stiff, upright stems that do not break in rain. Unexcelled for cutting. **Each, 25c; three, 65c; doz., $2.50.**

VESTA. A plant of medium height and of great vigor. Literally covered with deep golden orange duplex flowers over 2½ inches in diameter. **Each, 25c; three, 65c; doz., $2.50.**

DON'T CROWD 'MUMS

Plant in groups or beds 18 inches apart. Avoid low, wet places.

Extra Early 'MUMS

Emmet

ANN MILLER. A new early variety, in full color August 25th. Possesses true autumn tints of deep russet underlaid with orange-red. Was greatly admired by all of our visitors. Grows 16 inches high with 2½-inch flowers. One of the outstanding introductions of 1937. **Each, 40c; three, $1.08; doz., $3.60.**

EARLY BRONZE. A most attractive early pompon. Bright orange-bronze flowers in clusters on stiff, upright stems. In full bloom September 20th. Remains in good condition for a long time. **Each, 25c; three, 65c; doz., $2.50.**

ELENA. New and different. Lovely, large, fully double flowers of bright bronzy red which gradually changes to light bronze-brown tinged with yellowish pink. Good for northern sections. September 30th. **Each, 25c; three, 65c; doz., $2.50.**

EMMET. The new bronze sensation. In our gardens last summer we counted 715 blossoms on one of these plants. Foliage nearly hidden—see picture. Plant illustrated is two feet across and only 15 inches high. **Each, 30c; three, 80c; doz., $3.00.**

Pink Lady

FLASHLIGHT. The outstanding dark red early. Large, rather shaggy flowers with convex petals of rich brilliant red. The nearest to true red we know of. **Each, 25c; three, 65c; doz., $2.50.**

NORMANDIE. For you who like early 'Mums, Normandie is one of the earliest cream-whites. Loads of large flowers 3 inches across, borne on stiff, upright stems 18 inches high. Flowers September 10th. **Each, 25c; three, 65c; doz., $2.50.**

OHIO GOLD. This new variety is a welcome addition to the early class. Large, double, bright yellow flowers are borne in great profusion on sturdy plants. Medium height, and in bloom September 20th. **Each, 30c; three, 80c; doz., $3.00.**

PINK LADY (Rozika). The best double pink. Fully double flowers of fine bright pink. Mature about September 20th. Excellent for cutting and long lasting. Plants in our garden had some fine blossoms of delicate light pink as late as November 20th. **Each, 25c; three, 65c; doz., $2.50.**

SEPTEMBER QUEEN. Large, double, pure white flowers borne in great profusion on dwarf plants. Early, blooms in late August or early September. **Each, 25c; three, 65c; doz., $2.50.**

'MUMS LIKE MULCH

After the ground freezes, cut off old tops three inches above the ground and cover with straw, excelsior, or evergreen boughs to prevent thawing in winter and early spring.

SILVER TIPS. Fully double, large flowers of bright amaranth-pink with a silver sheen that brightens to a silver tip on each petal. A most attractive and unusual variety and one of the most popular at our "Mum Show" last fall. 18 inches high. In full bloom in late September. **Each, 40c; three, $1.08; doz., $3.60.**

SONNY BOY. Clear yellow pompon flowers on a neat, compact bush. This is by far the best early yellow pompon we have seen. It starts blooming in late August and follows on through September. For brilliant color and great beauty, plant Sonny Boy. **Each, 30c; three, 80c; doz., $3.00.**

SUNKIST. Great clusters of bright orange, double flowers cover these plants. September 25th. Grows 18 inches high. An excellent variety. **Each, 25c; three, 65c; doz., $2.50.**

Silver Tips

WHITE GULL. The garden world has been waiting for this! Chrysanthemum lovers will welcome this snowy white wonder plant to their gardens. A petite white pompon. Plant this with Deanna in front of Jewell for a breath-taking combination. **Each, 40c; three, $1.08; doz., $3.60.**

YELLOW NORMANDIE. Large, double bronze-yellow flowers on husky, 18-inch plants in early September. Very good for early yellow. Long lasting. **Each, 25c; three, 65c; doz., $2.50.**

'MUMS LIKE PEAT

A double handful of **Soilmaster** will help every plant. (See page 18)

Outstanding Extra Early Introductions
of the United States Department of Agriculture

ALGONQUIN. A showy clear yellow, with double flowers 2½ in. across. Dwarf, spreading habit. For a real display of fall's most beautiful flowers, plant Algonquin. Height 1½ ft. In full flower September 10th.

SEMINOLE. Similar to Algonquin, but a nice cream-white. Remember, white flowers will go in almost any bouquet. Height 1½ ft. Flowers September 10th.

MANANTICO. The deep rose-pink flowers, 3 inches in diameter, are semi-double, showing a small yellow center. Starts flowering in August and reaches full flower in mid-September. Neat plants 15 to 18 inches high. An outstanding Chrysanthemum in this color and season.

Above three varieties: Price, each, 60c; any three, $1.49; doz., $5.00.

Algonquin

Crimson Glory

Jewell

Glomero

Early 'MUMS

CRIMSON GLORY. An early, brilliant crimson pompon. Surpasses all other pompons of this color. Matures October 5th. Excellent stem and foliage. Height 16 inches, flowers 2½ inches in diameter. **Each, 30c; three, 80c; doz., $3.00.**

CRIMSON SPLENDOR. A very showy single variety. Bright crimson-maroon in contrast to its glowing yellow center. Large, four-inch flowers bloom in late September. Sturdy plants 30 inches high. **Each, 25c; three, 65c; doz., $2.50.**

EVELYN. This popular large flowered 'Mum opens with a shade that approaches crimson which gradually changes to deep bronze at maturity. Flowers produced in great clusters on 22-inch plants. October 1st. **Each, 25c; three, 65c; doz., $2.50.**

GLOMERO. The most prolific pompon we've seen. Gorgeous sprays of ball-like flowers. Bright bronzy orange in color with tints of golden yellow. Excellent for floral arrangements. Season October 5th. **Each, 25c; three, 65c; doz., $2.50.**

JEAN CUMMING. In our judgment the best hardy white chrysanthemum to date. Its large double flowers of the purest white are softly shaded with creamy yellow at the center. Matures September 15th. **Each, 25c; three, 65c; doz., $2.50.**

JEWELL. You'll love it. Flower lovers, almost without exception, say it is the best pompon we have. The flowers, 1½ inches in diameter, are of a bright pink color with a rather strong undertone of magenta. Produced in clusters of four to eight on tall stiff stems. Oct. 15th. **Each, 25c; three, 65c; doz., $2.50.**

JUDITH ANDERSON. A new buttercup-yellow pompon. Compact mound-like plant 18 inches high and 2 feet across covered with unbelievable numbers of very perfect, small, button-like flowers. Unquestionably a distinct advance in this line. **Each, 30c; three, 80c; doz., $3.00.**

LOUISE SCHLING. A very effective new single red variety with flowers over 3 inches in diameter. **Each, 25c; three, 65c; doz., $2.50.**

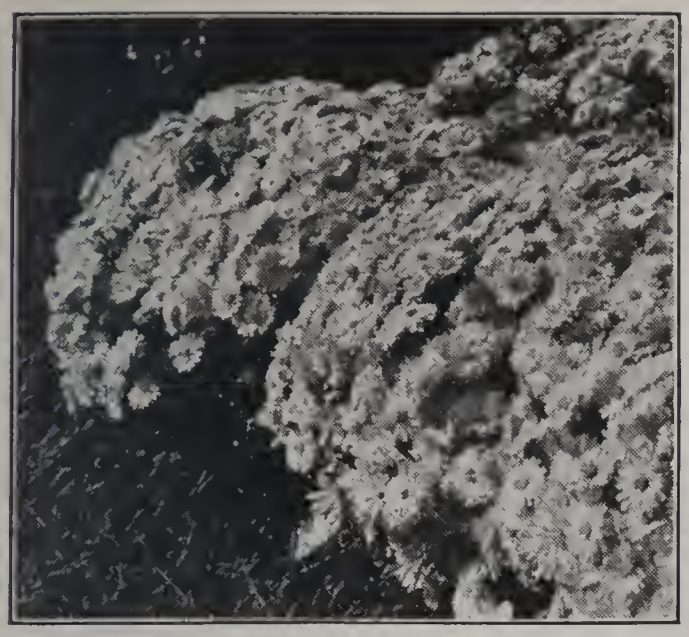
MULDOON. The purplish amaranth color of this flower puts it in a class by itself. Flowers freely on sturdy plants 2 feet high, and is in full bloom October 12th. **Each, 25c; three, 65c; doz., $2.50.**

NATOMA. Without doubt the best of its color. A fine bright pink with a slight undertone of magenta. Large, fully double flowers on strong stems. Last a long time. We cannot recommend Natoma too highly. **Each, 25c; three, 65c; doz., $2.50.**

RED FLARE. Bright red flowers that change to distinctive brick-red at maturity. Very free-blooming and long lasting. **Each, 25c; three, 65c; doz., $2.50.**

SARANAC. Bright yellow 3-inch blooms. Very free-flowering; good stems and foliage. Height 18 inches. Matures October 5th. The best double yellow in its season. **Each, 30c; three, 80c; doz., $3.00.**

SILVER BALL. A large pompon. Visitors to our gardens were generous in thir praise of this fine variety. Pure dazzling white flowers 3 inches in diameter. Exceedingly perfect in form. Height 40 inches. Matures October 12th. **Each, 25c; three, 65c; doz., $2.50.**



Bronze King Ameliamum

New — AMELIAMUMS

Visitors Rave About Them

Hundreds of visitors to our Chrysanthemum Show this fall stopped and gazed in spellbound wonder at the beauty of the large beds of Ameliamums in all colors. They bought them too—because now they are cheaper than ever before, especially in the collections.

Six Different Colors

BRONZE KING Ameliamum. One of these plants with hundreds of flowers would surely make a crown fit for a king. Flowers are deep bronzy salmon with a suffusion of rose. Very showy!
Each, 50c; three, $1.25; doz., $4.00.

PIGMY GOLD Ameliamum. Huge mounds of clear, golden yellow, remarkable for its brilliance and intensity. Unusual because it begins to bloom in early September and holds its beauty right up to the end of the season. Ideal for rock gardens, hardy border or edging wherever you want a spot of radiant sunshine. (See color picture on cover.) **Each, 50c; three, $1.25; doz., $4.00.**

PINK BEAUTY Ameliamum. The original wonder 'Mum. A dwarf, well-shaped plant of vigorous habit that starts blooming in early August. Imagine the beauty of 900 or more blooms at a time on one of these plants. Flowers are deep pink, changing to a cheerful lighter shade with creamy yellow centers. (See color picture on cover.) **Each, 50c; three, $1.25; doz., $4.00.**

EDGAR A. GUEST Ameliamum. It is with pleasure we present to the public this **new early** hardy, and feel assured the many readers of the lines of Michigan's noted poet will welcome this variety to their gardens. You'll thrill to the beauty of the hundreds of bright bronzy red flowers on this neat, bushy plant next September. A true Ameliamum and earlier than any other in this color. Order today, supply limited. Flowers 2 inches in diameter.
Each, 65c; three, $1.79; doz., $6.00.

SNOW WHITE Ameliamum. All the beauty of Ameliamum, Pink Beauty except that the flowers are pure white. Add this choice variety to your list. (See color picture on cover.) **Each, 50c; three, $1.25; doz., $4.00.**

SANDRA Ameliamum. Imagine a dwarf, bushy plant literally covered with bright crimson-red flowers. Think of the beauty of this in combination with the other colors. Flowers 1 to 1½ inches in diameter and in full bloom in early October. This is New! (See color picture on cover.)
Each, 50c; three, $1.25; doz., $4.00.

For those who wish all 6, we offer the 4 listed on the cover plus Edgar A. Guest, and Bronze King.

6 PLANTS for only $2.50

Edgar A. Guest Ameliamum

Aquilegia, Crimson Star

New! Hardy Fuchsia

Three for $1.19

For years the Fuchsia has been classed among the most popular of house plants. Its admirers have frequently expressed regret that it could not be grown out-of-doors in cold climates. We are now able to offer a variety that comes to us from the New York Botanical Gardens where it has proven entirely **hardy.** It is in bloom all summer long until stopped by frost. Pendulant flowers are ruby-red with purple inner petals, and are produced by the hundreds, flowering just as freely in full sun as in light shade. A most interesting plant for the flower border or rock garden, where it fits in perfectly, blooming all summer. Like all Fuchsias, they are especially adapted for shady locations. We advise light protection north of Philadelphia. **Each, 50c; two, 90c; three, $1.19; four, $1.44; doz., $4.00.**

Hardy Fuchsia

3 Aquilegia

CRIMSON STAR *$1.10*

Now we offer you this striking new true color COLUMBINE. Notice the pleasing contrast between the brilliant crimson outer petals and the white center. These flowers, often more than 3 inches across, are produced freely on sturdy plants. Will thrive in ordinary soil. Likes partial shade. **Each, 45c; two, 78c; three, $1.10; doz., $3.60.**

Dazzling Chiffon

Dazzling Chiffon

(Chrysanthemum Maximum)

Three for $1.19

The snow-white wonder flower. Blooms from mid-June until fall. As many as thirty-five blooms at once the first year. The golden yellow center looks like a shining yellow jewel set in old lace. Hardy, robust grower. Plant 10 to 12 inches apart in any good soil. Strong plants. **Each, 50c; two, 90c; three, $1.19; four, $1.44; doz., $4.00.**

Oriental Rose Vine

(Calystegia Pubescens fl. pl.)

Three for 95c

This plant, brought to us from eastern Asia, is found occasionally in some of our older gardens under various names, such as climbing peony, hardy double morning glory, California rose, etc. It dies to the ground in the fall and comes up new from the roots in the spring. For some unknown reason it has been lost to commeree for many years, and this is the first season that stock has been available in quantity. The double rose-like flowers are a clear, bright pink, 1½ to 2 inches across, and produced in great profusion in mid-summer.
Each, 40c; three, 95c; six, $1.78; doz., $3.25.

Imperial Delphiniums

New, Sensational — 4 for 79c

These new Delphiniums stand out from all other Delphiniums we have seen in vigor, size of flower, length of stem, disease resistance, and all around general performance. Our plants embrace every shade and color from deep rose-pink to pure white, and we recommend them without hesitation to all who appreciate the finer Delphiniums.
Each, 25c; three, 65c; four, 79c; doz., $2.15.

Plumy Bleeding Heart

Plumy Bleeding Heart

DICENTRA EXIMIA (Plumy Bleeding Heart). Dainty, lace-like leaves and bright pink flowers. A rock garden gem.
Each, 40c; three, $1.00; six, $1.86.

"CHRYSALINE"

THE PERFECT PLANT FOOD

A concentrated, highly effective, clean, odorless plant food, developed especially for chrysanthemums, but also excellent for general use on most common house and garden plants. Economical and inexpensive because it is concentrated. Safe, because you dissolve it in water. The simple directions insure perfect results. You'll marvel at the lusty growth of plants fed with "Chrysaline". **Enough to make more than 135 gallons of fertilizing solution for only 79c.**

Imperial Delphinium

Dwarf Border Asters

1	for	$0.40
3	for	.95
4	for	1.22
6	for	1.78
12	for	3.36

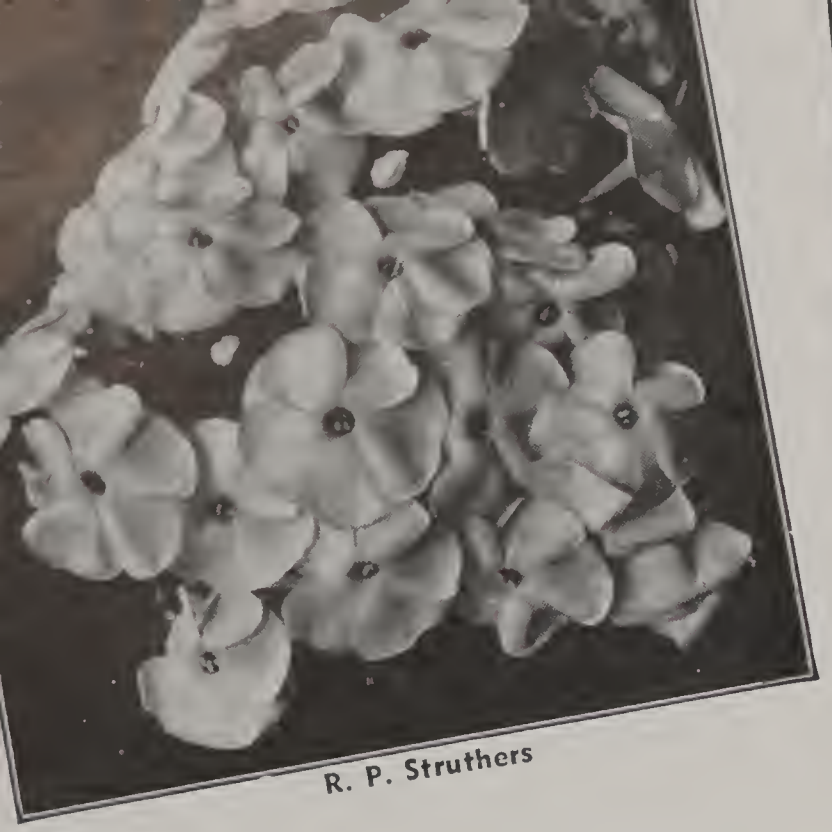
Brighten your garden with these showy plants that bloom in September. See how the flowers completely cover the plant clear to the ground. They are the showiest plants in the early fall garden. Mound-like plants grow 9 to 12 inches high and 2 feet across.

BLUE BIRD. The best of the light blues. Well shaped, bushy plants.

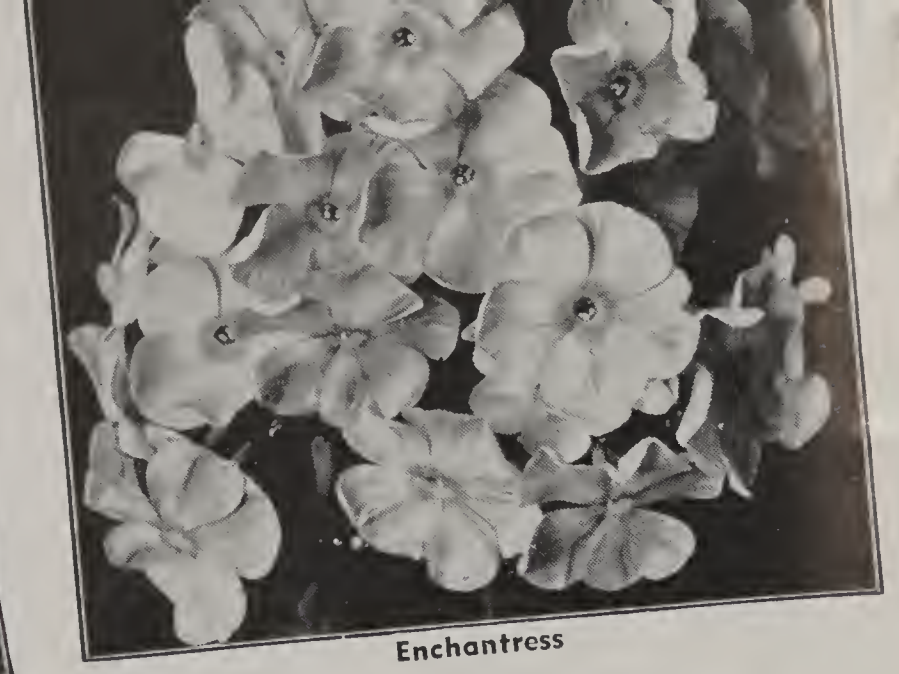
MARJORIE. Large flowers of bright, rose-pink—a most brilliant color.

NIOBE. The best pure white variety. One of the showiest. Season late September.

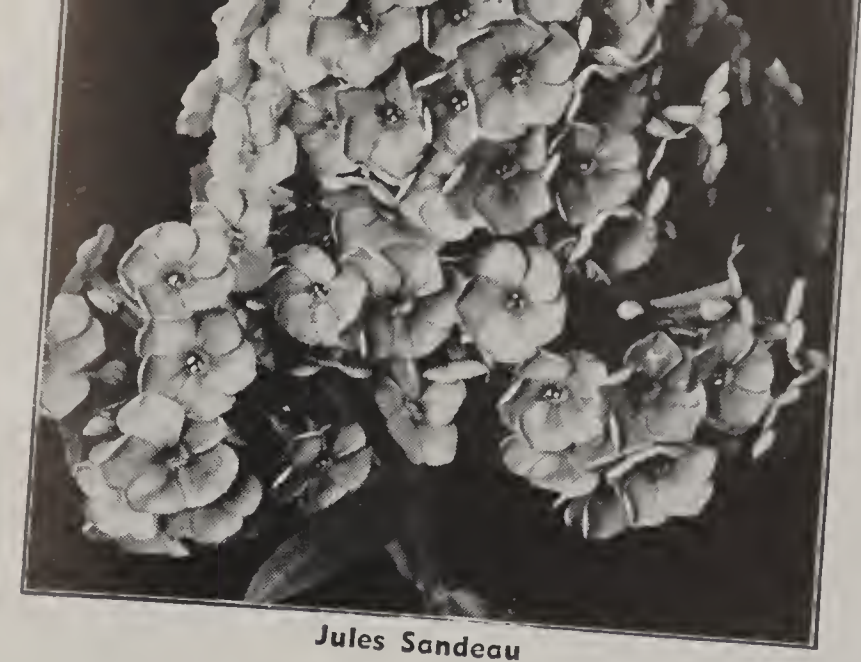
LADY HENRY MADDOCKS. Clear, pale pink flowers. Very free-flowering and compact.



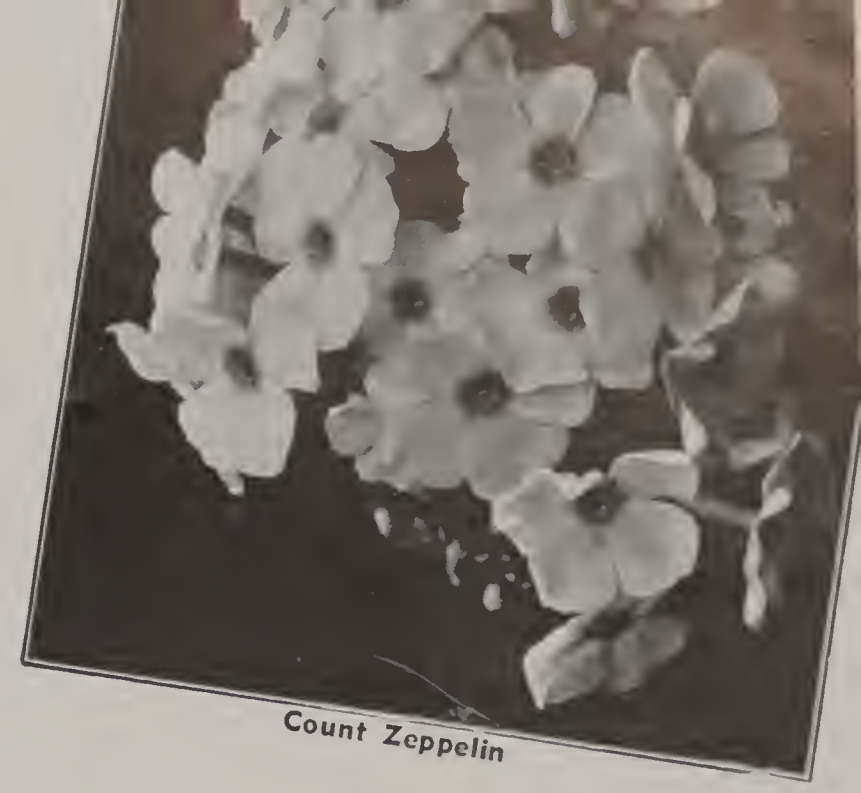
R. P. Struthers



Enchantress



Jules Sandeau



Count Zeppelin

Twelve Outstanding Phlox

Your Choice Each 22c; 3 for 59c; 6 for $1.05; Doz., $1.98

Five New and Worth-while Phlox

LEO SCHLAGETER. Here's the brilliant red phlox everyone has been waiting for. Flowers are the brightest scarlet with an orange undertone that heightens the color and seems to make them glow with fire. Early, tall, and vigorous. Considered the finest red phlox in existence.

DAILY SKETCH. One of the most outstanding of recent introductions. Mammoth trusses composed of extra large individual florets. The color is a light salmon-pink with a crimson-rose eye that blends to give the plant the appearance of a glorious rose color. Grows about 3½ feet high.

LILLIAN. The most charming of all phlox. A rich salmon-pink It has a pretty bluish eye that makes it unusual. The plant is a robust grower, and the enormous flowers are often produced 12 to 15 spikes to one plant. A perpetual bloomer.

PALADIN. Another new beauty for your garden. Very large florets and trusses of tender salmon-pink with deep violet eye. Truly one of the showiest new phlox in the dwarf type. Grows about 12 to 18 inches high.

SALMON GLOW. A splendid new variety that is exceptionally free-flowering. The color is a delightful combination of flame-pink shaded with salmon, and softened with lighter shades of lilac and white at the center.

PRICE FIELD PLANTS

Daily Sketch

B. COMTE. Large heads of rich satiny amaranth flowers on tall stems. Looks well close to a yellow flowered plant.

E. I. FARRINGTON. A good, erect, vigorous grower. Flowers bright salmon-pink shading to soft pink. A splendid variety, excellent for cutting.

ENCHANTRESS. One of the best salmon-pinks. Resembles Elizabeth Campbell but is a better grower.

ETHEL PRITCHARD. A beautiful mauve colored phlox that, under some light conditions, is nearly a blue. A strong grower and good plant.

FIRE GLOW. Brilliant vermilion-scarlet with deeper center. A very showy phlox.

JULES SANDEAU. Very large heads of brilliant watermelon-pink blossoms on a dwarf plant. Blooms over a very long period.

MRS. MILLY VAN HOBOKEN. Very large heads and individual florets. Bright pink with mauve undertone. A strong grower and excellent variety.

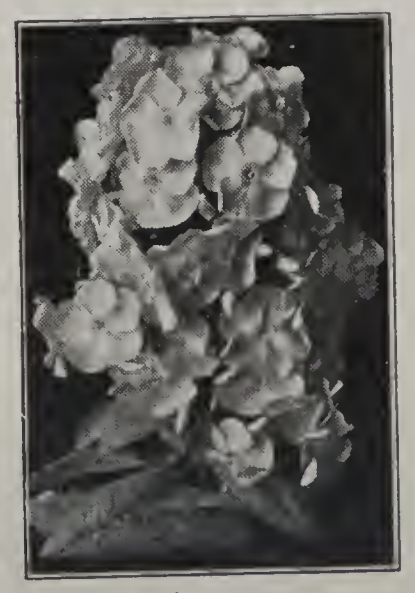
MRS JENKINS. A late flowering pure white phlox of medium height. Very free flowering.

RIJNSTROOM. Great trusses of lively pink flowers on strong stems. A beautiful phlox.

R. P. STRUTHERS. Tall, healthy plant well loaded with brilliant rosy carmine flowers with deep claret eye.

VON LASSBURG. An excellent tall mid-season variety for the back of the border. Flowers are of pure white, and the plant is a good grower and a free bloomer.

WIDAR. Of medium height and good habit. The violet florets have a clear white eye, creating a most unusual effect.



Rijnstroom

ANY 6 of the above $1.05 | **ALL 12 of the above $1.98**

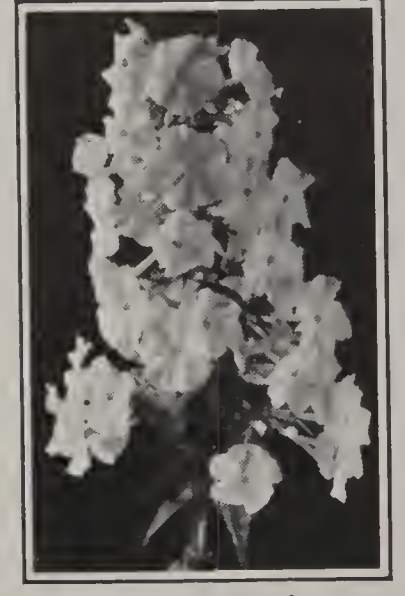
If metal labels are desired, add 3c per plant.

Four Unusual Phlox of Merit

AFRICA. Brilliant carmine-red with blood-red eye. A very showy and much-liked phlox.

BORDER QUEEN. Another fine introduction in the dwarf type for the front of the border. Very large round heads and large florets of clear watermelon-rose-pink.

COUNT ZEPPELIN (Graf Zeppelin). A free-flowering phlox of the calico type. Flowers are a pure white with clear bright vermilion eye that does not fade or suffuse into the white. A very fine Phlox.



Miss Lingard

MISS LINGARD. Belonging to the suffruticosa type, this phlox has long slender shiny green foliage that is not affected by diseases. Flowers are pure white with faint pink shadings in center. Very early.

Beatrice

New Hardy Everblooming
CARNATION
Two for 60c

Bloom from June until frost

Now we can offer a strain of hardy carnation that has withstood temperatures of 20 degrees below zero. The sturdy plants are constantly in bloom, and have all the fragrance of the greenhouse varieties.

BEATRICE. Bright pink flowers in clusters on stiff stems; wonderfully fragrant, prolific and easy to grow. Carnations belong to the Dianthus and this has been listed as a Dianthus.

BRILLIANCY. Unusually large flowers of intense crimson. This is the brightest plant in our garden during the hot season when most plants are not blooming. Tall, stiff stems for cutting.

Prices above 2 varieties: Each, 35c; two, 60c; four, $1.05; doz., $2.89.

Aquilegia
Scott Elliott

Long-spurred flowers in a complete range of colors. A good sturdy plant and one of the best of the Columbines. **Each, 22c; three, 59c; doz., $2.00.**

Aquilegia

Delphinium Lamartina

Without a doubt the most popular "Delph" in our nursery last year. A distinct addition to the most prized collection. Rich indigo-blue with beautifully marked centers. Large spikes on tall, stiff stems. Be first in your neighborhood to have this new delphinium. **Each, 25c; two, 45c; three, 59c; doz., $2.25.**

Delphinium, Lamartina

Phlox Subulata

(Moss or Mountain Pinks)

ROSEA. Rich rosy pink flowers cover this plant in early spring. Thrives in hot, dry places.

C. F. WILSON. A rapid grower and free bloomer. Flowers lilac-blue.

BRITTONI. A new dainty variety with small, starlike flowers with a ring of bright blue dots around the center.

VIVID. Bright pink with darker eye. We think this neat little plant is the choicest of all dwarf phlox in existence.

PRICE ABOVE VARIETIES:
Each, 22c; two, 49c; any four, 75c; doz., $2.00.

Phlox Subulata

Dianthus *"Rose Cushion"*

Four for 95c

(Dianthus neglectus compacta glauca)

This truly remarkable plant has been "popularity tested" and proved not only to be novel and fascinating, but extremely hardy as well. There is nothing else like it. An evergreen cushion of attractive blue-green foliage that peeps out from under the melting snow to say "spring is here!" Just before Decoration Day it blossoms forth with hundreds of showy pink flowers that last four to six weeks. Plan now to edge some of your flower beds with Rose Cushion or get some for your rock garden. Strong, field-grown plants—such a satisfactory flower and such a sturdy plant that last season we made a very fine reputation on this novelty. **Each, 35c; two, 55c; four, 95c; six, $1.30; doz., $2.40.**

Dianthus, Rose Cushion

White Swan

WHITE SWAN

(Double Memorial Day Daisy)

(Chrysanthemum leucanthemum.) One of the best double white Daisies up to date. The flowers are uniform and of good size, comparing with the double pyrethrum. The blooms are carried on strong, wiry stems, 24 to 30 inches in length. Starts flowering about Memorial Day and continues throughout June. **Each, 35c; two, 59c; three, 80c; four, 98c; doz., $2.40.**

Sedum Sieboldi

SEDUMS - Stonecrop

3 plants, 1 each variety, 69c

For Rockery or Beds

SEDUM SIEBOLDI. Round, succulent, glaucous foliage margined with red. Bright pink flowers in abundance during October. Loveliest of all sedums. **Each, 25c; three, 65c; six, $1.16; doz., $2.16.**

SEDUM POPULIFOLIUM. Rare! Grows like a little tree with poplar-shaped leaves. Soft pink or white flowers are freely produced on 8-inch stems and are hawthorn scented. Be first to have this most unusual plant. **Each, 25c; three, 65c; six, $1.16; doz., $2.16.**

BRILLIANT SEDUM (S. spectabile). One of the showiest of the upright sedums. Large, fleshy bright green leaves surmounted with bright amaranth-red flowers in late summer. Special low price on heavy field-grown plants. **Each, 25c; three, 65c; six, $1.16; doz., $2.16.**

All three of these sedums are rugged, sturdy growers and will withstand drought and neglect and bloom freely.

Special offer: 1 plant of each for 69c.

Veronica Longifolia

VERONICA

(Longifolia subsessilis)

Handsome spikes of dark blue flowers from July to September. Fine, healthy, dark green foliage. A hardy plant that increases in strength and beauty each year. One of the most satisfactory plants for the hardy border. **Each, 25c; three, 69c; four, 85c; doz., $2.40.**

Veronica Blue Spires

2 for 80c

A new summer flowering veronica far superior to the well known spicata. Grows 2 feet high with many long, deep blue spikes. Clean dark green foliage and hardy habit. A fine new introduction that will stand hot, dry weather without suffering. **Each, 45c; two, 80c; three, $1.05; six, $1.95; doz., $3.00.**

Dear Mr. Heuser:

My order arrived in excellent shape, very well packed. They are all fine plants—strong roots, and thank you for the extras. My order was nicely handled all the way, and I shall recommend you to my gardener friends. Am very favorably impressed, this being my first order.

J. C. BOONE, Baltimore, Md.

VERBENA

CANADENSIS, PINK. A glorious pink verbena. The masses of showy pink blossoms peeping from a large cushion of green foliage—sending up a fragrance from the bed —make this NEW pink perennial verbena an alluring feature for border, rock garden and bed. **Each, 30c; two, 50c; three, 69c; doz., $2.50.**

CANADENSIS, BRILLIANT. The same trailing habit as other verbenas but producing a continuous supply of dazzling brilliant cerise flowers. Fine for hot, dry places and invaluable for constant bloom throughout the summer. (See color picture on back cover.) **Each, 50c; three, $1.19; four, $1.45; doz., $4.00.**

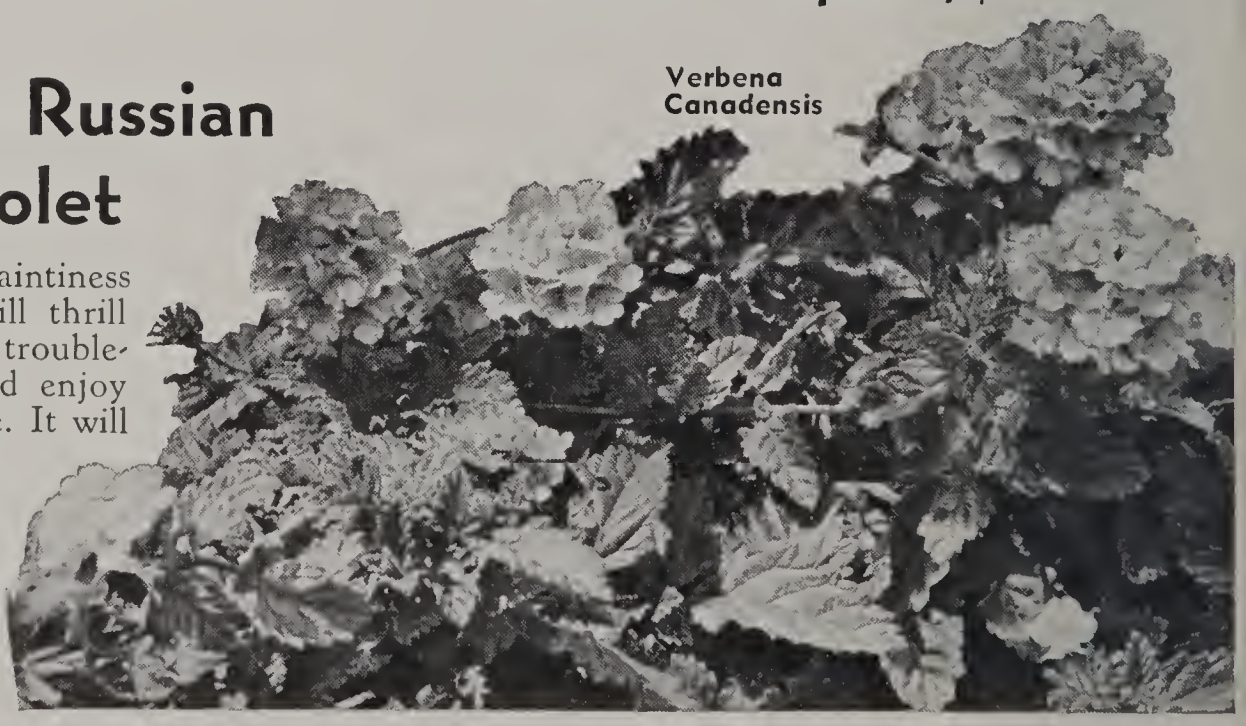
CANADENSIS. (Formerly listed as V. venosa.) This is an unusually hardy form of perennial verbena. The vigorous, sprawling stems make a mat of dark green foliage, and the large, showy lavender flower heads are freely produced from early spring until late fall. Flowers have a fine fragrance, closely resembling that of daphne cneorum. Worth while for the fragrance alone. Needs a light soil, hot and dry, with plenty of room. Here is a plant that has a place in every garden. **Each, 30c; two, 50c; three, 69c; doz., $2.50.**

COLLECTION

1 each of 3 plants, $0.85
2 each — 6 plants, $1.59

Double Russian Violet

The charm and daintiness of this rare violet will thrill you. Plant it in the troublesome shady place and enjoy its exquisite fragrance. It will appreciate a loamy soil, well drained, but not too dry. Very hardy. (See color picture on back cover.) **Each, 45c; two, 75c; three, $1.05; six, $1.90; doz., $3.60.**



Verbena Canadensis

Allium

SUPREME DAISY (Chrysanthemum maximum). The largest and finest daisy we have ever seen. Flowers often five inches across continuously from June till fall.

ALLIUM Thibetica. Clump of grass-like leaves with ball-shaped flowers on 6-inch stems in June and July. Color lilac-mauve. Good for rock garden.

ARTEMISIA, Silver King. Silver foliage in fine cut, branchy sprays. Add Silver King to all your bouquets, give them that professional touch. Dry it for winter bouquets.

LYCHNIS (Campion or Catchfly). **Chalcedonia** (Maltese Cross). Large, flat-topped heads of vivid scarlet all summer. One of the brightest plants in the hardy border.

GROUND IVY (Nepeta mussini). Especially fine in rock garden or border. Many spikes of showy lavender flowers all spring and summer.

SWEET ENGLISH VIOLETS (Viola odorata). Everybody loves violets. These large flowered, robust plants will do well in shady places. Try some.

SWEET LAVENDER (Lavandula vera). Remember grandmother's old-fashioned sachets? Bring back those memories with this wondrous, fragrant plant. Clusters of lavender-blue flowers in midsummer. Mulch in winter.

WOOLLY SPEEDWELL (Veronica incana). A dwarf plant producing many spikes of bright blue flowers in July and August. Leaves and stems are covered with silvery white wool, making it attractive at all seasons.

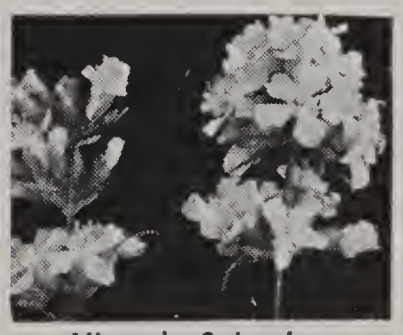
VIVID FALSE DRAGONHEAD (Physostegia). A much improved dwarf variety 18 inches high. Deep pink flowers in September. Lasts well when cut. Thrives in any good sunny location. Plant 12 inches apart.

LYCHNIS, Viscaria Splendens. A fine border plant, producing great masses of bright pink flowers in June and July. 8 to 10 in. high. Just right for border.

Lychnis, Chalcedonia

Physostegia

Veronica



Viscaria Splendens

Ground Ivy

Supreme Daisy

Sweet English Violets

High Bush Blueberries

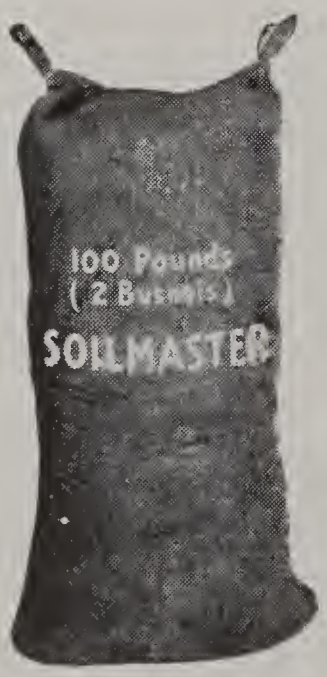
(Vaccinium Corymbosum)

2 Two-year Plants $1.50

Now you can grow giant cultivated **Blueberries** in your own back yard. Doesn't the thought of these luscious big berries with sugar and cream just make your mouth water? You can easily enjoy these juicy berries, and have beautiful ornamental plants in your yard at the same time. Years of research and experimentation have gone into the perfection of the varieties we offer to make them productive and easy to grow.

The picture shows what a shapely ornamental bush this plant makes and also how it bears. But the picture cannot show the beautiful glossy dark green appearance of the leaves or the bright reds and bronze colors they turn to after frost. You and your friends will marvel at the graceful loveliness of this plant.

IT'S PROFITABLE TOO! On good locations this crop will beat most other small fruits for profits. Berries often sell for 50c to 75c per quart on the market and established plants produce 10 pints or more per plant.



FEED YOUR PLANTS

SOILMASTER is decomposed, concentrated leaf-mold and decayed vegetation. Nature's own plant food. Safe for all plants and lawns. Get three years growth in two years time. Soilmaster is sweet or alkaline.

SODUS ACID HUMUS. The same as Soilmaster but acid. Use this for BLUEBERRIES and evergreens.

PRICES, either kind (state which is wanted) **2-bu. bag, $1.00, net, not subject to any cash discount.** Shipped by freight collect unless otherwise instructed.

Easy to grow. The requirements of this plant are few and simple. Good drainage, acid soil, and a moderate supply of moisture are necessary. We pack each plant in sufficient acid peat to insure good growth the first year. On very sweet soils we recommend working a quantity of "Sodus Acid Humus" into the soil around the plant each year. Many times a low, wet spot of soil considered worthless is just the thing to grow BLUEBERRIES at their best. If planted on high ground an occasional soaking with the hose will supply sufficient moisture.

To Insure Proper Pollination plants are sold in pairs of one early or midseason variety and one late, complete with cultural instructions and peat moss. All plants labeled. See color picture on back cover.

2 two-year plants	**$1.50**
4 two-year plants	**2.80**
6 two-year plants	**3.90**
10 two-year plants	**6.00**

For larger quantities, write for special quotations.

We ship only the best named varieties—no seedlings.

Tester to determine soil acidity, 25c, postpaid.

6 New
Boysenberries
for Only 60c

After 2 years trial we are convinced that the high qualities of this berry merit our praise of it. The berries are very large, often reaching 2 or 2½ inches in length, and of a tempting flavor. Excellent for fresh fruit, jellies, jams, or canning. Easy to grow as the dewberry and perfectly hardy here. Heavy producers. Try some of these berries and we know you will agree that they are the best you've ever tasted. **Each, 25c; two, 40c; six, 60c; doz., $1.00.**

Big Boysenberry 2 Inches Long

Hansen's Improved New
Bush Cherry 3 for $1.19

The result of 30 years of research by Dr. N. E. Hansen of South Dakota State College.

Ideal for flowering hedge, single specimen or groups from which you can pick loads of fruit as illustrated here.

Well-shaped bushes are completely covered with large, white, fragrant flowers in early spring. Leaves are a beautiful silvery green, turning to a rich red and gold in the fall. Fruit resembles a plum in shape, and is borne in clusters that at times nearly cover the limbs—as you can see.

GOOD TO EAT FROM THE BUSH. Fine for sauce. Makes wonderful, rich-flavored, dark purple jam. Juice is great for jelly and makes excellent cordial.

BUSH SAVES SPACE. Does not require the space of an ordinary plum tree, yet often bears more fruit. Can be planted as closely as 4x6 feet. Grows only 4 to 5 feet high, with 3 to 4 foot spread.

FRUIT IN ONE YEAR — No long waiting.

Each, 50c; two, 85c; three, $1.19; five, $1.85; ten, $3.40; twenty-five, $7.00.

3 Choice New

Butterfly Bushes

One of each Variety, $1.75

New Pink Buddleia, Pink Charming

Easily the most outstanding Buddleia we have seen. Just look at the picture on the back cover and try to imagine the beauty of a shrub 3 to 4 feet high and just as broad, completely covered with these showy pink spikes 12 to 15 inches long. The first and only Buddleia in a real pink color. PINK CHARMING was awarded a silver medal by the Pennsylvania Horticultural Society.

Be first to have it in your community. Order now! Well rooted pot plants, will bloom this summer. **Each, 75c; two, $1.35; four, $2.45; six, $3.50.**

Purple Buddleia, Ile de France

The best dark purple Buddleia. Immense flower spikes of deep purple in great profusion on a well shaped, vigorous bush. The extra long spikes come into full bloom at once, a decided advantage over the old type on which the base of the spike is often wilted before the tip is out. In full bloom from August to October, and the flowers are fragrant. You can't afford to be without it at our special low prices. Blooming size, field-grown plants. **Each, 45c; two, 80c; three, $1.14; six, $1.90.**

Special Collections of Buddleia

1 each of three above varieties—value $2.30—

Only $1.75

[1 Pink Charming
1 Dubonnet Only **$1.50**]

Brand New Red Buddleia, Dubonnet

Again this season we are fortunate in being able to offer our customers an entirely new color in Buddleia—the color is an exact counterpart of the popular French wine, Dubonnet, a shade which has recently been popularized in dress fabrics. In sunshine and under the lamp it glows almost a true red. The firm cylindrical spikes are snugly set with individual flowers of good size that do not sunburn. The plant is of robust, erect growth with strong stems; the leaves are large and of firm leathery texture. A good late summer cut flower harmonizing well with other outdoor blooms. **Each, $1.10; two, $1.98; three, $2.70; doz., $10.00.**

Rose Daphne

(Garland Flower)

DAPHNE CNEORUM. One of the most admired flowering evergreens. The plant with every desirable characteristic. Evergreen, dwarf, compact. Beautiful rose-pink flowers in spring and fall, abundant fragrance. Will grow in shade. Hardy. Worth twice what we ask for its fragrance alone. A joy to behold in spring when it is completely covered with brilliant blossoms. Plant 2 to 3 feet apart. Appreciates a light mulch of straw in winter. **Special price, 6 to 10 in., field-grown plants, packed in special peat, each, 50c; two, 95c; four, $1.80.**

P. G. Hydrangea

Golden Ibota Privet

Golden Ibota Privet

At last a golden leaved shrub that grows well and stays yellow all summer. Bush similar to California privet but leaves are a bright golden yellow all summer. For accent in your plantings this bush is the one you want. New and rare! **12-18 inch plants, each, 50c; three, $1.20; doz., $4.00.**

Oak-Leaf Hydrangea

(Hydrangea Quercifolia)

Large, handsome oak-shaped leaves, dark green in summer and gorgeous red and brown in fall. Large panicles of sterile white flowers that turn to purple in June. Unusual! Novel! Rare! (Note: Needs protection in winter in climates north of central Michigan.) **Heavy, 3-yr., field-grown plants, 18-24 inches, each, 65c; two, $1.19; three, $1.69; ten, $5.50.**

Oak-Leaf Hydrangea

Golden Bell

(Forsythia Spectabilis)

Spring's most showy shrub. Bring the beauty and cheerfulness of this shrub into your garden. Great masses of brilliant yellow flowers appear before the leaves to introduce this shrub each spring. Grows 8 to 10 feet high, and is perfectly hardy. **2-yr., 2-3 ft. field plants.**

P. G. Hydrangea

One of summer's most showy shrubs. The great spikes of bloom pictured here come out a snow-white, and gradually change to pink. In bloom from August until snow flies. Good in shade or full sun in any soil. **18-24 inch, field plants.**

Japanese Flowering Quince

(Cydonia Japonica)

A blaze of brilliant orange-scarlet flowers on tall, upright bushes in early spring. The flowers appear before the leaves so that all their fiery color is displayed. Excellent for specimen plants or hedges.

Virginal Mock Orange

The best of all Mockoranges. Tall, upright bush completely covered with large clusters of immense double waxlike flowers of pure white. Delightfully fragrant. Has a few flowers all summer. **Large, bushy, field-grown plants, 2-3 feet.**

SHRUB BARGAIN!

Any 4 of the above shrubs for only $1.00. Each, 35c; 2 for 60c; 3 for 80c.

May Day Tree

"May Day" TREE

2 for $1.38

(Prunus Padus Commutata)

For sheer beauty of bloom no tree or shrub excels the May Day. Its long, fine white flowers early in spring create a massive bouquet of sheer loveliness that is alluringly wonderful.

First tree to show green in spring—practically in full leaf long before many of the common trees begin to leaf. The flowers are large, pure white, and fragrant. Their mass-like clusters are a beautiful sight, and are well adapted to cutting. Blooms early in spring, in April or early May, and always several weeks earlier than any other flowering tree. (Picture at left.)

The fruit is small and, though edible and good for jelly, is soon claimed by the birds in preference to what we consider better fruit. Thus our good fruit is saved, yet the birds are fed.

May Day may be trimmed up for street, lawn, or shade tree or left in bush form. Coming from eastern Siberia, it is perfectly hardy anywhere. Will not send up suckers from the roots.

Price: two-year, each, 75c; two, $1.38; three, $1.69.

Corkscrew Willow

A rare, unusual tree that has not been offered before so far as we know. All the grace and beauty of the willow tree with its majestic top of arching branches. But this tree is different because the limbs and twigs are twisted in a sort of spiral or corkscrew fashion, giving the tree a most unusual and striking effect. Be sure to include this novelty in your order. **Price: 3-4 ft. trees, each, 49c; two, 75c; three, $1.05.**

2 Hardy CHINESE ELM

$1.00

For a combination of beauty and rapid growth, you can't beat Chinese Elm. Small, dark green elm-shaped leaves on long, spreading branches make this an exceptionally dense shade tree. Its origin in north China and Siberia are proof of its hardiness. Its rapid growth will amaze you. **Price: sturdy, 4 to 5 ft. trees, each, 55c; two, $1.00; four, $1.80; six, $2.40.**

Chinese Elm

Gold Flame Honeysuckle

Gold Flame Honeysuckle

Probably the showiest of all everblooming honeysuckles. Large clusters of fragrant, trumpet-shaped blooms. The outside of the petals is a brilliant flame-pink, and the inside is creamy golden yellow. Plant this shrub for its flowers and dark glossy foliage. Excellent as a shrub vine or can be trimmed into a hedge. **2-yr., field-grown plants, 80c each; two, $1.45; four, $2.65.**

Oriental Bittersweet

(Celastrus orbiculatus)

Every home should have a bittersweet vine on the fence or a trellis. Takes practically no room and produces abundant material for winter bouquets, as well as a pretty vine in summer. The well known orange-red fruits are prized for their decorative value. Our plants are extra heavy, field-grown. **Special price, each, 45c; two, 80c; six, $2.00.**

Free! 75c Value

WITH ORDERS AMOUNTING TO $5.00 OR MORE

Your chance to save. A large part of the cost of handling orders is for office work, assembling, sorting, packing, and shipping. It costs us very little more to handle a $5.00 order than it does for smaller orders. We pass this saving on to you.

Figure your order and try to make it amount to $5.00. Often your friends will order something with you, and you can divide the premium. **Order must be sent to one person.**

HOW to GET This PREMIUM. Order items amounting to $5.00 or more from this catalog. Then go through the catalog again and select any 75c value you wish and we will include this stock with your order FREE OF CHARGE.

You are also entitled to the Baron Solemacher Runnerless Strawberry plants free in addition to the 75c free premium.

FREE —

On Early Orders Totaling $2.49 or More

Remember that we also include "everlasting labels" with which to identify your Chrysanthemum and perennial plants, free with orders for $2.49 or more. The name is stamped directly in the metal so that sun, rain or snow cannot wash it off. Identify your plants. Cannot be injured by hoe. To get "Everlasting Labels" on orders of less than $2.49, add 3c per plant. Otherwise we will send wooden labels.

Every step of the growing of our plants is under the personal supervision of Mr. E. J. Heuser, here shown inspecting "mum" plants.

FREE
New Runnerless Strawberry Baron Solemacher

Grow Strawberries In the House

These plants do not have runners, yet they will produce fine crops of berries when grown in pots in the house. Also an excellent variety for the garden. Fruit is medium in size and rather pointed, with the delicate aromatic flavor of the wild strawberry. Produces continuously throughout the season.

A novelty every gardener can enjoy. Makes an excellent potted center piece for the table.

BARON SOLEMACHER Strawberry plants FREE as follows:

1 plant free with $2.50 orders
2 plants free with $5.00 orders
2 plants free with each additional $5.00.

Price of Baron Solemacher if purchased alone: Each, 35c; three, 90c; doz., $2.75.

HOW TO ORDER

USE ENCLOSED ORDER BLANK PLEASE

Order NOW and delivery will be made at best time for SAFETY of plants and EARLY PLANTING.

REMIT IN ANY CONVENIENT WAY

BUT if you enclose currency, seal this envelope on all edges and send by registered mail. If you wish C. O. D. shipment, remit 25 per cent of order before shipment.

SHIPPING CHARGES

You are to pay shipping charges, except on postpaid offers. On express shipments you pay the express company upon delivery. On parcel post shipments, you remit postage to us after shipment is completed, unless order is large, in which case we may ship C. O. D. for postage. To save you the extra C. O. D. charges, we do not ship small orders C. O. D. for postage. This is the fairest system we know of.

OUR GUARANTEE

We guarantee our stock to reach you in good condition, true to name, fully up to grade and description. On chrysanthemums we guarantee spring shipped "mums" to grow and bloom the following fall, or we will replace without cost. We expect that you will care for your plants in accordance with directions.
